Hall D, Day 3 (Sunday, 29th October), 9.15am to 10.15am

Kaun Banega Uveapati

Who Wants to Be a Uveitis Expert? Kaun Banega Uveapati ?

Prepare to embark on an enlightening journey into the world of Uveitis! This show, tailor-made for ophthalmologists, promises to be a captivating exploration of intricate field of ocular inflammation. Throughout the session, the resource person will present thought-provoking puzzles, quizzes, and trivia, all centered around the various signs of uveitis and effective management strategies for different uveitic entities. As the game unfolds, participants will find themselves connecting the dots between clinical manifestations and the underlying basic science and pathology, delving deep into the intricate details that define this specialty. From dissecting ocular anatomy to decoding uveitis pathology and understanding the intricacies of pharmacology, our show will truly be an eye-opener. Our ultimate goal is to bridge the gap between the bench and the clinic, offering valuable take-home messages, providing practical insights and applications that will benefit every ophthalmologist.

Dr. Parthopratin Dutta Majumder - 45 minutes

Keynote:

OCULAR SURGERIES IN SERO- POSITIVE PATIENT'S - MY EXPERIENCE:

Dr. Alay Banker (15min)

Scientific Committee, MOS is thankful to UVEA specialty program committee for their significant contribution in enriching the scientific content of MOSCON 2023.
